About Alt Resources

Alt Resources is an Australian based mineral exploration company that aims to become a gold producer by exploiting historical and new gold prospects across quality assets and to build value for shareholders. The Company's portfolio of assets includes the Bottle Creek Gold Mine and the Mt Ida Gold Projects located in the Mt Ida gold belt Western Australia, the Paupong IRG Au-Cu-Ag mineral system in the Lachlan Orogen NSW, and the Mt Roberts gold project located near the town of Leinster in WA.

Alt Resources, having acquired historical and under-explored tenements in the Mt Ida gold belt, aims to consolidate the historical gold resources, mines and explore new gold targets identified within the Company landholding. Potential exists at Mt Ida to develop a centralised treatment plant to service multiple open pit mines and existing deposits within the Company's Mt Ida projects to become a sustainable and profitable mining operation.
